ARRESTED ON SERIOUS CHARGE

**Rushville Piano Agent
Charged With Keeping
Woman's Diamonds**

TAKEN TO INDIANAPOLIS

**Oscar J. Schillig Claims That
Woman Voluntarily Gave
Him the Jewelry**

Saturday afternoon, Detectives Simon and Slate, and Patrolman Wilson, of Indianapolis, came to Rushville, and placed Oscar J. Schillig under arrest on a charge of grand larceny.

Schillig lives with his wife on East Third street in the Mrs. J. W. Brown property, and is the local agent for the Wulschner-Stewart piano company.

He is charged with having failed to return two diamond rings entrusted to his care by Mrs. Ollie Timmerman, of 1517 East Washington street, Indianapolis.

It is alleged that Mrs. Timmerman, who is the wife of a well known contractor, and a personal friend of Schillig, let him wear the rings for a "flash" for a few days, and that when she asked for them, Schillig failed to return them. The diamonds are valued at \$250, and it is said that Schillig let one of his friends in this city wear one of them.

Schillig has been here for several months, and during his stay, has always conducted himself in a straight-forward manner and made many warm friends here. He is a dapper looking chap, and for a while lived at the Windsor hotel.

The warrant for his arrest was sworn out by a brother of Mrs. Timmerman, who for reasons unknown, took a hand in the affair, and made the charge of grand larceny. The woman's husband is in Tennessee on a business trip, and knows nothing of the affair.

It is thought that Schillig will be released on returning the diamonds, for he claims that he never intended to keep them, and that the woman voluntarily loaned them to him. In this event, no criminal action can be brought against the man.

Mrs. Schillig says she expects her husband to return from Indianapolis this evening, when everything will be satisfactorily explained.

**Fred Capp Will
Chaperon Cannon**

Fred A. Capp, who knows about four times as many men in Rush county as any other man living within its borders, and who knows them by their "handles" of "Bill," "Jim," "Tom," "Dick" and "Harry," will "chaperon" Speaker Joe Cannon, who is a gentleman of the old school to which Capp belongs, while the Congressman is in this city Wednesday. It is Mr. Capp's ambition to introduce "Uncle Joe" to as many citizens as it is possible for the distinguished statesman to meet, and can shake hands with.

FRANCIS CAMERON DIES WITH MALARIA

**A Child Nineteen Months Old
Died This Morning at Eight
O'clock After Brief Illness**

Francis, the nineteen months old child of Mr. and Mrs. Will Cameron, residing five miles south of this city, died this morning at eight o'clock after a brief sickness, caused by malarial fever. The funeral will be held Tuesday afternoon at two o'clock at the M. E. church in Milroy. Burial in Milroy cemetery.

**Used a Napkin
On the Street**

A well known business man of this city passed through an experience recently which caused him much embarrassment and gave him a wounded pride. He is a regular boarder at the Wilson boarding house at the corner of Morgan and First streets and it was while returning from lunch at noon hour that his absent-mindedness got him into trouble.

While walking up Morgan street, chewing a toothpick as if he expected to acquire some nourishment from the splinter of wood, he passed several small boys who began to giggle as soon as they caught sight of the busy business man. He congratulated himself that he had passed the age of "silly childhood."

He met a young lady who at first gave him the "glassy glare" and then laughed in his face. The hero bowed and blushed, but did not suspect the cause of the young lady's mirth. Finally he happened to think that his cravat might not have been tied, and upon looking down he became almost paralyzed with astonishment for he found that he had walked a square up the street with his napkin neatly tucked into his collar. He tried to hide the "rag" quickly but a friend caught him and the story "got out."

SHE LAID ON THE GROUND ALL NIGHT

**Old Lady Stricken and Remained
Outdoors in the Rain
Near Her Home**

Mrs. Mary Inni, 77 years old, a respected resident of Milroy, suffered what is thought to be a stroke of paralysis, just outside her home, Sunday evening after dark, and was not found until this morning by friends who went in search for her.

Throughout the long night she laid on the ground, during the rain storm, and it is thought that the exposure will hasten her death.

Her son, Robert Innis, was not at home Sunday night, and was not aware of his mother's serious condition until this morning, when he found her almost lifeless form in the yard.

Telegrams were sent today to the aged woman's relatives, for her death is expected to follow her exposure.

THIEVES MAKE HAUL AT MOSCOW

**Take Fifteen Dollars and Gold
Watch From Lon Whisman's
Home—No Clue Left**

A robber entered the home of Lon Whisman, who resides near Moscow, Saturday evening, and after searching the house escaped with \$15 in money and a gold watch. The members of the family were absent when the robbery occurred, and no clue was left as to the thief's identity.

Sheriff King was notified, but no steps were taken to capture the thief, as no trace of the robber could be found.

I. & C. WILL RUN SHUTTLE TRAINS TO FAIRGROUNDS

The I. & C. Traction company will operate a shuttle train between Rushville and the fair grounds on Home Coming Day, next Wednesday, commencing at 8 o'clock a. m. Before this shuttle train commences to run the local trains will stop at the fair grounds, but no regular trains will stop thereafter for the fair ground travel.

ALL ARE READY TO LET 'ER GO

**Finishing Touches Put on the
Home Coming Day Program by Committee**

SUB COMMITTEES NAMED

**Judge Cullen Unable to Deliver
the Address of Welcome and
Watson is Substituted.**

It was one continuous whirl of excitement today with the Old Settlers and Home Coming Day executive committee, making preparation for what will possibly be the greatest day in all the history of Rush county, and one that will not soon be forgotten.

It may be well to say right here that never before has a committee given so much time and labored so earnestly and tirelessly for the success of an event, as the executive committee, headed by Congressman Watson as chairman, and composed of the following persons: R. F. Scudder, Frank J. Hall, Will M. Bliss and B. F. Miller.

Madison county will probably send the largest delegation, as a special train, carrying between 500 and 800 passengers, together with a band and "their very own" speakers will arrive early Wednesday morning. They will march up First street to the court house, where [Frank J. Hall will deliver an address of welcome, to which responses will be made.

A general reception committee was appointed this morning, consisting of Pon Riggs, F. J. Hall, John M. Stevens, Rush Budd, John D. Megee, William E. Wallace and Harve M. Cowling.

Will M. Bliss and Pon Riggs compose the committee on amusements. Bert Reeves will be the judge of the old age entries.

Judges for the Old Fiddlers contest will be selected from residents living outside the county.

Judge William A. Cullen was scheduled to deliver the address of welcome at the fair grounds, but being slightly indisposed today informed the committee in charge that he would be unable to accept that pleasure and the address will be delivered by Congressman Watson.

An effort is being made to have the Indianapolis News Newsboys band remain Wednesday evening and give a concert on the court house lawn.

If the "weather guesser" gives us fair weather on Wednesday it is safe to say that at least 20,000 people will be here. The heavy rain of last night and today will retard the work of the harvesters, and as a result, the crowd will be swelled by several thousand.

Manhattan, Ia., Aug. 1, 1907.
Hon. J. E. Watson, Rushville, Ind.

Dear Mr. Watson:—I have been a wanderer on the face of the earth for the last three months, but am at last here on the shores of Okoboji, a beautiful little lake in the northeastern corner of my district. Your letter has reached me here and I regret more than I can express that I have to decline your most tempting invitation. I long to see the old town and the old friends and take part in the "Hot Time" you are sure to have with you and Uncle Joe as leaders of the riot. Give my cordial regards to "Mr. Speaker" and assure Bob Cox, Pon Riggs and such of the old-timers as still recall the name of Bub Hubbard that he holds them in loving memory. Pardon my declination as I am the sufferer and let me thank you for remembering me. With warmest personal regards.

Yours truly,
E. H. Hubbard.

—Lot Guffin, of Indianapolis, spent Saturday and Sunday with friends and relatives here.

—Sid Long and family, of Terre Haute, were the guests of friends here, and in Franklin county Saturday evening and Sunday.

HELD INTERESTING S. S. CONVENTION

Several From Rushville in Attendance at Washington Township Convention.

The Sunday school workers of Washington township met in convention last Sunday at 2:30 o'clock, and the following program was given: Scripture reading; prayer by Rev. Pierce;

"The Use of the Blackboard," by Prof. J. H. Scholl, illustrating the lesson of the day and showing how to use the blackboard so as to make the lessons more interesting. Mr. A. E. Martin of this city, gave an address in his forceful and interesting manner.

Mr. Martin is a splendid speaker and is growing more and more in the favor of the people who hear him. The county vice president, Mr. J. Oscar Parker, of Carthage, made a short talk, illustrating the power of working together in a unique and original way. This must be seen to be appreciated; it pleased the audience very much. A good offering was taken for county work. Miss Louise Shockley was elected township president, and Miss Elsie Bateman, secretary. E. E. Hungerford, county president, and A. E. Martin were taken to the convention in Albert Winship's machine.

LEFT FOR COUNTY FAIRS

John Boyd Will Exhibit Jersey Stock.

John Boyd, the "Jersey City" dairyman and cattle breeder, left today for New Castle, where he will exhibit a number of his choice Jersey cattle at the Henry county fair. Mr. Boyd will take his exhibit to a number of county fairs and will be home for the Rush county fair August 27th. He was very successful last season, winning a number of premiums at the various county fairs throughout the State.

GREAT FACTOR IS POWER OF EXAMPLE

**Rev. Cowling Preaches on the
Way to Better the World by
Setting Good Example.**

Rev. J. F. Cowling delivered a sermon at the First Presbyterian church Sunday night on the "Power of Example." Rev. Cowling showed in his sermon that young men and women followed the examples made by their elders, and stated that if good is to overcome evil in [this world that men and women must lead a good life in order that children may follow their example.

After contending that if old men smoke that their sons will be likely to do so, and that if men drink, boys will be likely to follow in their footsteps, Rev. Cowling impressed upon his audience the power of good example in doing good in the world.

YOUNG PITCHER PROVES A WONDER

**"Moscow" Halterman Struck
Out Nineteen Men at
Shelbyville Yesterday**

After two years of bantering and "dares and double-dares" the Moscow and Shelbyville ball teams got together yesterday, and Earl Halterman, the Moscow twirler, whom the Republican "touted" as a wonder, struck out nineteen of the Shelbyvilleites and succeeded in defeating them by a score of 4 to 3. Haterman made two hits of the runs for Moscow.

That it was quite an event in Shelbyville, is evidenced by the fact that the Shelbyville News today gave four columns of its valued space to a write-up of the game.

Moscow with a population of 132, sent over 400 rooters to the game.

**Tom J. Evans Wears
a Gingham Sunbonnet**

The lid was off at Westport, Sunday. That is to say, the law was not violated, but the shining pate of one Thomas J. Evans, of this city, was seen on the streets of that little town. Tom went down on the Big Four, and either was looking out the window, or singing with an excursion quartette of melody anarchists—reports conflict—when he lost his hat. For the remainder of the trip, the distinguished passenger looked like a Henry George cigar sign, and he accepted the "kidding" of the passengers good naturedly, and was breathing easy until he arrived at Westport, where he found it impossible to secure a hat in all the town. Then Tom J. lost something else besides his hat—his temper was found missing. He finally purchased an old sunbonnet of a widow, and wore that headgear all day, and was carrying it in his hand when he arrived here last night, with his head bowed in embarrassment.

REGULARS MADE A GOOD SHOWING

**Played the Fastest Game of the
Season With Morristown
Lads Yesterday.**

The fast Morristown team came over Sunday and defeated the newly-organized Regulars of this city in the best game played on the local lot this season. The game was played in easily the shortest time of any game this season—sixty-five minutes.

Borem's work for Morristown was the feature of the game. He only allowed four hits and struck out eleven men. Pruitt, for the Regulars, also pitched a fine game. He has speed curves and control and will win the greater number of the games he pitches. Only errors behind him allowed Morristown to score. There was an attendance of three hundred, sixty rooters coming over with the Morristown team.

Next Sunday the Regulars will play the Reserves for the city championship at the South Main street grounds.

The line-up of the Regulars was Collier, c.; Pruitt, p.; Cauley, 1b.; Ferguson, 2b.; Heeb, ss.; J. Geraghty, 3b.; L. Geraghty, lf.; Demmer, cf.; Sampson, rf.

Yesterday's score:
1 2 3 4 5 6 7 8 9—R H E
Morristown 0 0 0 1 2 0 0 1—4 9 1
Rushville 0 0 0 0 0 0 0 0—0 4 1
Batteries, Borem and Lawrence; Pruitt and Collier. Umpire, "Red" Morgan.

THROUGH THE NETTING

John Geraghty put up a superior article of ball at third base, and got two of the four safe hits of the game.

Tom Cauley surprised his friends with an almost professional game of ball at first base. He had sixteen chances without an error. "Buckley" makes a good first sacker.

Fred Heeb was robbed of a hard hit liner along the third base line. Walsh of the Morristown team making a swell one-handed catch of the batted ball.

The crowd was well satisfied with the game, and not a soul left the grounds until the last man was down.

Pete Demmer got the usual applause when he came to the plate, which caused the visitor's fielders to move back.

Larry Geraghty and Omer Collier got safe hits. Geraghty got his bingle in the ninth, with two men out and there was "nothing doing."

Bob Sampson, the strong man in right field, never had a chance.

Willie Ferguson put up a star fielding game at second.

—J. W. Tompkins, of this city, and Mrs. Perry Innis, of Milroy, were called to New Castle today on account of the serious illness of Mrs. George M. Tompkins.

WAS KILLED BY TRACTION CAR

**George Leffler Run Down
Near His Home at St.
Paul by I. & C. Car**

DID NOT HEAR WARNING

Man Who Escaped Death Several Times Before Met it in a Violent Manner.

The first accident on the Greensburg extension of the I. & C. traction line occurred Sunday afternoon, when car No. 314, in the charge of Motor-man Tyner and Conductor Moore, of Shelbyville, one mile west of Adams, struck and instantly killed George Lessler.

Lessler was walking on the tracks a short distance from his dwelling [and was watching a Big Four passenger train which was passing at the time. He failed to heed the repeated blasts of the traction car's whistle and before the car could be stopped, was struck and hurled down an embankment, fracturing his skull, breaking his jaw, both legs above and below the knee, and breaking his arm. Lessler's body was taken to Greensburg.

A nephew of Lessler happened to be in that city, and hearing that an accident had occurred near his house, went to the undertaking establishment to view the body, which he identified as that of his uncle.

Lessler was a carpenter by trade and was of a roaming disposition. He frequently made trips to California and other places. Once when in Kansas in the middle of winter he was nearly frozen to death. The only means at hand to prevent freezing was to crawl in a hog car and this he did. For two days he remained with the hogs and had nothing to eat or drink.

Another time he was in a lumber car when the lumber slipped and for three days he was imprisoned behind the lumber.

He lived all alone in a little house near the scene of the accident. Lessler was never married and is survived by a brother, Allan Lessler, who lives one mile northwest of Greensburg.

TRUNK STOLEN AT THE C. H. & D. DEPOT

**A "Sweet" Haul Made Saturday
Night by a Bold, Bad
Thief.**

Some time after six o'clock Saturday evening a trunk was stolen at the C. H. & D. passenger station. The trunk was the property of a "Jello" agent, and was valued at about \$20. It had been left outside the agent's office, on the platform, in plain view of the office window, and how anyone made away with it, or dared to steal it is a mystery.

The police worked on the case, but were unable to secure any clue.

WILL VISIT WITH GOWDY

Speaker Cannon Will be Captain's Guest.

Speaker "Joe" Cannon will be the guest of Capt. John K. Gowdy and wife, on North Perkins street, Wednesday while here for the Home Coming Day meeting. Suffice to say that the distinguished guest will be entertained royally by his distinguished host. Congressman Watson will also be the guest of Capt. Gowdy on that day.

RUSHVILLE, INDIANA, AUGUST 5, 1907.

Connecticut leads all other States in the "good roads" movement. That State has appropriated \$750,000 as the year's allowance for improved roads.

The Lafayette Journal says that if the cost of building material continues to increase we may be driven back to the caves that were as popular in the days of our prehistoric forbears.

Hon. Adlai Stevenson, who declares himself to be out of politics, favors the nomination of Bryan again, and expresses the belief that the convention will be overwhelmingly of the same mind.

A judge who presides over a New York City court, has ruled that a man and his wife may fight as much as they please at home, without liability to arrest, so long as they do not disturb the neighbors.

Indiana may put on her roll of honor young Earl Irvin, grandson of Mrs. Phoebe Irvin, of this city, who was drowned in the sea at Colon after rescuing four others from drowning. He belongs among the heroes.

The power that is rapidly bringing about a degree of reform that a few years ago seemed impossible, comes from a growing interest in public questions on the part of the people themselves. Years of peace and the increasing intelligence of the people have contributed to this, and the movement which is now being expressed in results has scarcely begun. "All this country, from the Atlantic to the Pacific," says Gov. Hughes, "is alive with a determined effort to

GUBERNATORIAL GOSSIP
Prospective Candidacies and the Current Word Concerning the Same.

Indianapolis, Aug. 5.—Lieutenant Governor Hugh Th. Miller of Columbus will not determine until Sept. 1 whether or not he will be a candidate for the Republican nomination for governor. He is now on a fishing and hunting tour in Canada and he will not return until the last of this month. He is a receptive candidate and Will Irvin of Columbus, a member of his family, said today that in all probability he will decide to make the race. Whether or not he becomes a candidate for the nomination for governor he will not accept another nomination for lieutenant governor. Many Republican leaders profess to believe that he would be the strongest candidate their party could obtain for the head of the ticket next year. Former Attorney General Miller is flooding the state with letters announcing his candidacy for the nomination for governor and bespeaking support. He is beginning his organization early by writing for lists of Republican workers in every community. He is giving practically all of his time to the race and is now visiting many counties. His activity is forcing the other candidates into the running much earlier than they had expected to enter. Former Attorney General Taylor of Indianapolis is almost as active as Miller. Taylor declares that the control of the legislature is liable to hinge on the election in this county and that he can get more votes here than anyone else. He is not losing any valuable time telling of his own merits and it is believed now that he will prove formidable if he can get some one to perfect a good organization for him. There is much speculation among Republican politicians as to whom the governor will support for the nomination. There is a large element in the party that believes that the governor is still a potent political factor and that while he may not be able to name his successor, he will have a voice in saying who shall receive the nomination.

Indications are growing that Vice-President Fairbanks will be able to get a solid delegation from Indiana to the next national convention without much trouble. It was said today, however, that he recently sent for Mayor Bookwalter and made peace with him by telling him that he wanted him to be a delegate from this district. Owing to the former political feud between the vice-president and the mayor, the latter's determination

restore the rights of every citizen to a fair deal, and for the supremacy of the State in the interest of all." The movement must originate, and that is among the people themselves, and each day it accumulates additional power.

"A Roosevelt supporter will be nominated in 1908," says the Fort Wayne News. This goes without saying so far as the Republican nomination is concerned.

The Wall Street Daily News is quoted as saying that the increase in travel since passenger rates were reduced to two cents a mile has brought the railroads an increase in net profits.

It is said that the labor problem has been solved by the Ohio farmers. They offered beer in addition to wages to harvest hands and the hoboes have rallied to the support of agriculture with practical unanimity.

Fortunately there is no immediate hurry about the tariff. The country is doing very nicely. It is enjoying all the prosperity it could expect or desire, and in due time a Republican administration will revise the tariff in a manner satisfactory to all concerned.

In the Hungarian town of Kerisova, which formerly had a population of 3500, the only male inhabitant left is the mayor, the rest having emigrated to the United States. Under the generic name of "Hunyaks," they will gather up some of the dollars and return in due time as nabobs, to their wives or sweethearts and spend the remainder of their lives in ease and luxury.

to be a candidate for delegate had caused the Fairbanks lieutenants considerable anxiety, but the mayor now says that his word is out to vote for the vice-president and that he will stick to it. Another source of comfort to the vice-president's lieutenants was the report today that George A. H. Shideler of Marion is willing to help them, but that he won't be a candidate for delegate from the Eleventh district. It was learned today, however, that some of the Fairbanks men are convinced that "the opposition" will try to control the delegation so as to be in position to make a winning deal with the nominee of the convention should the vice-president fail to land the place. They contemplate an effort in that line by "the opposition" who, they believe, will try to make themselves solid with the next candidate in that manner.

C. W. Cotton, an editor at New Albany, who is supposed to speak with authority from Adam Heimberger, declared that southern Indiana will present Heimberger for the chairmanship of the Democratic state committee. "Mr. Heimberger," said he, "is in the prime of life, an experienced politician, noted as an organizer, a man of superior intelligence, careful, shrewd and trustworthy in political management, of splendid executive ability, and is always quick to discover and to take advantage of opportunities for his party's success. Mr. Heimberger lives in the strongest Democratic district in Indiana, the Third. This fact, his friends claim, should recommend him to favorable consideration of the state committee and the Democrats of Indiana as well." Mr. Cotton says that Heimberger stands squarely with the Democratic party for tariff reform and the regulation of railroads and trusts by state and federal control. Cotton also declares that Heimberger already has the promise of the support of more than half of the congressional districts of the state.

Chicago, Aug. 5.—Preparations for the second federal inquiry into the relations between the Standard Oil company of Indiana and the Chicago & Alton railroad, ordered by Judge K. M. Landis of the United States district court on Saturday, began today. The call for the special grand jury was issued and United States Attorney Sims will go over all the evidence presented at the recent trial of the Standard Oil company and will select the witnesses to be subpoenaed. The jury will consider infractions of the Elkins law occurring from August, 1904, until March, 1905. Subsequently another grand jury will be summoned to take cognizance of offenses committed from March, 1905, until June, 1906, when the new rate law went into effect.

Chicago, Aug. 5.—Judge Kenesaw M. Landis of the United States district court Saturday fined the Standard Oil company \$29,240,000, the extreme limit of the penalty fixed for the acceptance of illegal rebates. In the announcement he closes, so far as his court is concerned, what is regarded as the most important case against a trust in the history of the United States.

Before attorneys for the giant corporation could recover their breath the judge gave them a second shock when he called a special grand jury for Aug. 14 to follow up the same violations of law from the standpoint of conspiracy between the Standard Oil, the Alton road, and head officials of both. This charge, if proved, may land some of the railroad and oil officers in jail.

Scathing Rebut of Oil Trust.

Judge Landis' opinion imposing this heaviest monetary penalty ever inflicted upon a corporation or an individual since the beginning of jurisprudence contained a scathing rebuke of the oil trust as one of the greatest offenders under the law. It was a general summing up of the interstate commerce law, being the strongest and clearest pronouncement on that subject, in the belief of many of those who heard it, that ever has been issued. It took an hour and ten minutes to deliver it.

The fine when paid will come principally out of the pockets of John D. Rockefeller, who is credited with owning a majority of the stock of the Standard Oil company. There will first be an effort at appeal. The judge gave the defendant corporation sixty days in which to file a bill of exceptions.

Formal Motions Overruled.

Three formal and quite "hopeless" motions were made by Attorney Merritt Starr, representing the defense as senior counsel, during the absence of John S. Miller, who is in Europe. One motion was to set aside the court's judgment, another in arrest of judgment, and a third to vacate the judgment, setting up the grounds that the court's action was in violation of section 8 of the federal constitution, which is directed against the imposition of excessive fines.

"Overruled," said the judge, quickly. "Let's go on with the next case."

Mr. Starr was not fully satisfied and after a few more words, the judge granted a stay of execution for sixty days, in accordance with an agreement between the prosecuting and defending counsel in which a bill of exceptions will be filed. That time was necessary owing to the voluminous nature of the evidence.

Seven Similar Cases Pending.

The future course of the defendant has not been decided. There are constitutional questions involved under which it can take the case directly to the United States supreme court, or it can take the case to the circuit court of appeals. Seven other cases against the trust, charging offenses of similar character and involving the possibility of millions of dollars in further fines remain to be tried.

The case upon which the judge assessed the huge fine was brought upon ten indictments containing 1,462 counts, charging the acceptance of rebates amounting to \$223,000 from the Chicago & Alton railroad on shipments of 6,000 cars of oil from Whiting, Ind., to East St. Louis. The law gave the court the power to impose the maximum fine of \$20,000 each on each count. The minimum fine provided is \$1,000.

On Level With Common Thief.

In his utterance against the defendant Judge Landis clearly expressed his belief that the Standard Oil company was no better than a common thief, emphasizing the position that he has taken throughout the trial. "The men who deliberately violate

this law," said he, "would society more deeply than he who counterfeits coin or steals letters from the mail." When he had fixed the amount of the fine the judge concluded his opinion with this stinger:

"One thing remains. It must not be assumed that in this jurisdiction these laws may be ignored. If they are not obeyed they will be enforced. The plain demands of justice require that the facts disclosed in this proceeding be submitted to a grand jury with a view to the consideration of the conduct of the other party to these transactions.

"Let an order be entered for a panel of sixty men, returnable at 10 o'clock on the morning of Aug. 14: The United States district attorney is directed to proceed accordingly."

Features of the Decision.

In imposing his record breaking fine Judge Landis said: "Motive is not material in a case where the proof is clear that it was the defendant who committed the crime.

"We might as well look at this situation squarely. The men who thus deliberately violate this law would society more deeply than he who counterfeits the coin or steals letters from the mail.

"The court can only leave to the discretion of the Standard Oil company the wisdom and propriety of gratuitously starting agitation about the 'mob'.

"It is novel, indeed, for a convicted defendant to urge the complete triumph of a dishonest course as a reason why such a course should go unpunished.

"The conception and execution of such a commercial policy (as the Standard's) necessarily involves the contamination of subordinate officials.

"The only way for others to stay in the oil business would be to adopt the practice of this defendant and procure the great public power of railway companies to be secretly perverted in their interest. Under no other possible theory could they hope to survive.

"For this offense the Elkins law authorizes punishment only by fine, an obvious defect, remedied, however, by the present law, prescribing imprisonment in the penitentiary for the like offense.

"Where the only possible motive of the crime is the enhancement of dividends, and the only punishment authorized is a fine, great caution must be exercised by the court lest the fixing of a small amount encourage the defendant to future violations by esteeming the penalty to be in the nature of a license.

"The court is not impressed by the doleful predictions of counsel for the defendant as to the hardships upon the honest shipping public to be anticipated from the enforcement of this rule. The honest man who tenders a commodity for transportation by a railway company will not be fraudulently misled by that company into allowing it to haul his property for less than the law authorizes it to collect."

STANDARD WILL FIGHT

Officer of Company Says Case Will Be Carried to Last Resort.

New York, Aug. 5.—News of the unprecedented fine imposed upon the Standard Oil company by Judge Landis in the United States court at Chicago was received in New York with excited interest. No one had looked for the imposition of the maximum penalty on the 1,462 counts in the indictment, reaching the enormous total of \$29,240,000.

An official of the Standard Oil company said the amount of the fines evidenced the injustice against the company.

"The amount of Judge Landis' fines," said this official authoritatively for the company, "is fifty times the value of the oil carried under the indictment. The total value of oil was \$650,000. For each car of oil, valued at about \$450, we have been fined \$20,000. An appeal will be taken in the United States circuit court of appeals and carried to the last resort, but whether it will be entered at once or whether the full time allowed by law will be taken will be determined by our counsel in Chicago."

A NEWS FORECAST

Several Matters Will Claim the Spotlight This Week.

New York, Aug. 5.—Important news events of the coming week will include the preliminary steps by attorneys of the Standard Oil company in their appeal from the decision of Judge Landis of Chicago and the imposition of the most severe money penalty in the history of the American courts; the start of Commander Peary in his latest expedition in search of the north pole; the meeting of the Oklahoma constitutional convention at Guthrie, and the return of Secretary Taft from his vacation.

Just what form the appeal of the Standard Oil company will take has not been decided upon definitely as yet, but undoubtedly the attorneys for the company, in addition to protesting against the penalty of the courts as excessive and contrary to the spirit of the law, will protest against the decision itself as being unjust and they will declare that the company is not guilty of any contravention of the statutes.

Commander Peary left his home in Portland, Me., on Sunday for New York to make final preparations for the sailing of the Arctic steamer Roosevelt. These preparations will be completed early this week and the steamer is expected to start on the long voyage to the north at an early day.

Two prominent American marriages will be celebrated this week in foreign countries, that of United States Senator Albert J. Beveridge of Indiana to Miss Katherine Eddy of Chicago at the home of Ambassador and Mrs. Tower in Berlin, Aug. 7, and that of Miss Katrina Wright, daughter of Gen. Luke E. Wright, retiring ambassador to Japan, to Charles Day Palmer, manager of the International Banking company of Manila, at the American embassy at Tokio on Aug. 10.

THE RECORD GROWS

New York's Wave of Vicious Crime Is Not Abating.

New York, Aug. 5.—Another murderous assault was added Sunday to the police record of recent crimes against defenseless women and girls. Last night's victim was Miss Ellen Bulger, a woman of middle age, who was attacked in her apartments in the Bronx, cruelly beaten and left in a helpless state. There was evidence that the woman had made a courageous fight. From what the police were able to learn from her, she was surprised by a stranger perhaps forty years of age. He escaped.

Just before Miss Bulger was assaulted, George Kestner, a Russian charged with attempted assault upon an eight-year-old girl, was set upon by a crowd of men and all but killed. Louis Conconella, twenty-one years old, was the victim of the blind fury of rioters last night and will probably die of his injuries. He was innocent of wrongdoing, but fell before a crowd determined to have revenge.

The fighting element among the whites and blacks in the vicinity of 136th street and Fifth avenue lined up according to their racial prejudices again Sunday, this time to settle a baseball dispute, and when the argument was ended fifty persons required medical treatment and two will die. Probably 5,000 persons took part in the fight and it took 300 policemen to disperse the mob.

WEAK KIDNEYS MAKE WEAK BODIES

Kidney Diseases Cause Half the Common Aches and Ills of Rushville People.

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ill. Rushville cures are the proof.

Mrs. Berry Abernathy, 818 W. Third Street, Ind., says:

"My husband has been subject to attacks of lumbago. He was troubled with a severe lameness in the small of his back which came on suddenly and forced him to stop work. The last attack seized him while feeling perfectly well and he suffered the sharpest kind of pain in his back. He applied plasters, liniments and numerous remedies but received little benefit. Reading of Doan's Kidney Pills, he was induced to get a box at F. B. Johnson & Company's drug store. They soon broke up the spell, his headaches ceased and he regained his strength and buoyancy again. We think highly of Doan's Kidney Pills and are pleased to let others know of them."

THE INSIDE FACTS

Government Report Deals With the Means and Methods of Standard Oil Company.

UNJUSTIFIABLE METHODS

Exclusive Profits Have Been Secured by Persistent Exaction of Exorbitant Prices From the Consumer.

These Are Among the Conclusions Reached by Herbert Knox Smith in Report to President.

Washington, Aug. 5.—Significant revelations are made public today in a report submitted to President Roosevelt by Herbert Knox Smith, commissioner of corporations, concerning the operations of the Standard Oil company.

In a previous report the means and methods of the Standard were explained. The present report sets forth the results of those methods and the effect they have had on the consumer of oil and on the profits of the Standard Oil company. It deals with profits and prices, showing just how the manipulation of the oil industry by the Standard has affected the pocketbooks of the American people.

Commissioner Smith says: "The Standard Oil company is responsible for the course of prices of petroleum and its products during the last twenty-five years. The Standard has consistently used its power to raise the price of oil during the last ten years, not only absolutely, but also relatively to the cost of crude oil."

"The Standard has claimed that it has reduced the price of oil; that it has been a benefit to the consumer; and that only a great combination like the Standard could have furnished oil at the prices that have prevailed."

"Each one of these claims," says Commissioner Smith, "is disproved by this report." The increase in annual profits of the Standard from 1890 to 1904 was over \$27,000,000. The report says: "The total dividends paid by the Standard from 1882 to 1906 were \$551,992,904, averaging thus 24.15 per cent per year. The dividends, however, were much less than the total earnings. It is substantially certain that the entire net earnings of the Standard from 1882 until 1906 were at least \$750,000,000 and possibly much more. These enormous profits have been based on an invest-

ment worth at the time of its original acquisition not more than \$75,000,000."

In his letter to President Roosevelt, transmitting the report, Commissioner Smith says: "The following facts are proven: The Standard has not reduced margins during the period in which it has been responsible for the prices of oil. During the last eight years covered by this report (1898 to 1905) it has raised both prices and margins. Its domination has not been acquired or maintained by its superior efficiency, but rather by unfair competition and by methods economically and morally unjustifiable. The Standard has superior efficiency in running its own business; it has an equal efficiency in destroying the business of competitors. It keeps for itself the profits of the first and adds to these the monopoly profits secured by the second. Its profits are far above the highest possible standard of a reasonable commercial return, and have been steadily increasing. Finally, the history of this great industry is a history of the persistent use of the worst industrial methods, the exaction of exorbitant prices from the consumer, and the securing of excessive profits for the small group of men, who, over a long series of years, have thus dominated the business."

In a few days another section of the report will be made public, setting forth the importance of price discrimination in restraining the business of competitors and augmenting the profits of the Standard.

Victims of Auto Crash.

New York, Aug. 5.—Three well-known young men were frightfully if not fatally injured Sunday when their automobile was struck by a surface car, and after being shoved along for a distance of thirty feet, was smashed to fragments against an elevated railroad pillar. The victims are Swift Tarbell, son of Gage E. Tarbell, formerly vice-president of the Equitable Life Assurance Society; Edward L. Woodson and Wm. Cutting. Tarbell has a broken leg, a dislocated shoulder, gasoline burns on the face and body and is black with bruises. His companions suffered similar bruises and Cutting had a leg broken, a shoulder dislocated and what appeared to be a fracture of the skull. Woodson was most fortunate of the three, but is badly off through shock.

Held for Investigation.

Muskogee, I. T., Aug. 5.—Declaring that one of the white employees of a grocery had assaulted a negro girl, a mob of 200 negroes blocked one of the street here Sunday and hung about the United States marshal's office, threatening vengeance. Six members of the firm are held in the United States jail, while an investigation is being made. The girl, who is fourteen years old, is in a serious condition.

Pretender Curry Favor.

Madrid, Aug. 5.—Despatches received here from Melilla, Morocco, report that the pretender has taken advantage of the present situation in that country to curry favor with Europe and has sent a delegation of rebel chiefs to protest against the events at Casablanca. The delegates, the despatch says, declare that the pretender, as a sign of mourning, suspended the fetes arranged in celebration of his recent victory and is disposed to co-operate with European initiative in measures to ameliorate the situation in the territory he controls.

The Kaiser and the Czar.

Sinemende, Prussia, Aug. 5.—Emperor William conducted divine service on board the royal yacht Hohenzollern at 11 o'clock Sunday morning. Emperor Nicholas was present. At noon Emperor William with Prince Von Buelow, the imperial chancellor and his suite attended a special service and had luncheon aboard the Russian royal yacht Standart and during the afternoon witnessed races between launches and cutters from the warships. The two emperors presented the prizes to the victorious crews.

Mysterious Murder.

Helena, Ark., Aug. 5.—J. M. Scott, city editor of the Helena World, was found dead on the sidewalk Sunday morning at 2 o'clock. Two bullets had entered his head. It is generally believed the killing was due to a personal quarrel and that it had no connection with the crusade of some months ago, which forced the resignation of the chief of police, who afterwards attempted to commit suicide.

Returns Still Incomplete.

Manila, Aug. 5.—The election returns are still incomplete, but sufficient returns are in to insure a safe majority for the Nationalists. It is estimated that more than 90 per cent of those that registered voted.

With the one exception of his visit to Provincetown, Mass., on the occasion of the celebration of the landing of the pilgrim fathers Aug. 20, the president will remain at Sagamore Hill throughout the summer.

Obituary.

William Loren Frow, son of William and Dora Frow, was born Jan. 10, 1906. For only a little more than eighteen months he stayed to brighten the home and cheer the lives of his loved ones. Without ever having tasted sorrow or felt a heartache, having known nothing but love and happiness,—on the evening of July 23, 1907, little Loren went away, pure and sweet as when he came.

The father, mother and one little sister, Vida, survive him. The bright little life is ended all too soon, our earthly plans for him all unfulfilled. But we know God has a better, richer plan of life for Loren than our brightest dreams could picture, or our fondest hopes suggest. And could we but see the other side we would gladly say, "Thy will be done."

Stockholders Responsible.

Brownstown, Ind., Aug. 5.—The People's State bank of this city has closed its doors, having been found to be insolvent by examiners from the auditor of state's office. The loss to the stockholders will be about \$70,000. The depositors will not lose because of the bank's failure, as all of the stockholders are good for the loss and can pay the depositors in full. The total liabilities amount to \$336,000.

The Gun Hung Fire.

Wabash, Ind., Aug. 5.—Following a quarrel with Alvah Weaver, his nearest neighbor, Harry Stevens, a prominent farmer, rushed into the house, and bringing out his shotgun, pointed it at Weaver and pulled the trigger twice. Both caps snapped and this alone prevented a murder. Stevens was disarmed and is in jail awaiting a preliminary hearing for assault with intent to kill.

His Notion of a Joke.

Worthington, Ind., Aug. 5.—George Shoemaker was arrested and imprisoned here on a charge of stealing \$200 from his father, a miller of Spencer. The prisoner confessed that he took the money out of his father's safe and left town, but said that he did it for a joke. He was taken home in handcuffs to try to explain the joke to his parent.

TO BOOST WHEAT

Southern Indiana Farmers Will Store Their New Crop to Force Prices.

FOUNDING A RELIEF FUND

Farmers Who Need Money For Present Purposes Will Be Tided Over Until Crop Can Be Sold.

One Million Bushels In Posey, Vanderburg, Warrick and Perry Being Stored Away.

Evansville, Ind., Aug. 5.—One million bushels of wheat of this year's crop are being stored in elevators and barns in Posey, Vanderburg, Warrick and Perry counties by the Society of Equity members, according to statements made by delegates at a largely attended meeting held here. Most of the Equity people are paying 1 cent on each bushel into a fund to be used in instances where farmers need money to tide them over to a time when they can sell for \$1 a bushel.

The oats and corn crop will not be held for any stated price in this section of the state. The whole effort of the Equity farmers is directed to boosting up the price of wheat. They are in a pact to hold until Sept. 1, and if the price is less than \$1 the agreement calls for the wheat to be held until Jan. 1.

Elevators are being erected in Posey, Warrick and Perry counties. No elevator will be built in this county because the farmers are well supplied with large bins and have good roads to market at all seasons. John L. Iglehart, member of the firm of Iglehart Bros., large millers and exporters, said that the flouring mills are running on half time because of the heavy stocks of flour now in the hands of the dealers, who bought in large quantities last spring. Asked what he thought the Equity farmers would get for their wheat if it was held three to five months, Iglehart said that they might get as much as 55 cents.
